REQUEST FOR CERTIFICATE OF CORRECTION OF PATENT
FOR PTO MISTAKE (37 C.F.R. SECTION 1.322(A))

Sir:

It is requested that a Certificate of Correction be issued correcting printing errors appearing in the above-identified United States Patent.

Attached is Form PTO-1050, with the text of the Certificate in the suggested form suitable for printing.

The column and line number where the errors occur in the issued patent are as follows:

Front page, (75) Inventors: Delete --Pak-Wing Steve Chum, Lake Jackson, TX (US)--.

REMARKS

The errors sought to be corrected in the specification are Patent Office printing errors.

Supporting documentation includes a copy of an office communication dated December 14, 2004 from Roberto Rabago, indicating that "In view of the papers filed 9/9/2004, the

inventorship in this nonprovisional application has been changed by the deletion of Pak-Wing Steve Chum. The application will be forwarded to the Office of Initial Patent Examination (OIPE) for issuance of a corrected filing receipt, and correction of Office records to reflect the inventorship as corrected.”

The requested corrections are to correct printing errors to conform with the specification and claims as allowed by the Examiner during prosecution. Issuance of a Certificate of Correction would not change either the scope or the meaning of the specification, and re-examination is not required.

As the errors listed are due to the Patent Office's printing mistakes, no fee is necessary in connection with this Certificate.

The Examiner is requested to contact the undersigned Attorney for Applicant should any questions arise with respect to this Request.

Please send the Certificate of Correction to:
